

We Need your Help!

Greetings! As part of AMKIDS and EBA's Quality Assurance and Monitoring Plan we will be seeking feedback on our contracted providers. This feedback is a 2 minute *targeted* Satisfaction Survey that will be going out only to individuals that have made a referral to a specific DSP. If you get a link for this survey, please assist us with ensuring the best quality services in your region by completing this within two weeks. We will be sending these out throughout the year for specific providers, please continue to participate as your input is valued.

Thank you so much for your assistance with this!
